

## **CHARACTERISTICS OF THE VISA BUSINESS CLASSIC DEBIT CARD FOR BUSINESS ENTITIES**

Need a card for cash withdrawal and payments? Become a user of the Visa Business Classic international debit card for business entities.

The account owner can submit a request to issue the card for each business account in EUR for an unlimited number of card end-users.

### **Characteristics of the VISA Business debit card for business entities:**

- the highest safety level with devices supporting chip technology;
- payments in stores and cash withdrawals at ATMs in the Republic of Croatia and abroad, with a mark indicating that they accept Visa cards, and PIN authorization;
- contactless payment in stores where, in order to make a purchase with a value up to EUR 40, all you have to do is place the card near the POS device, while a purchase with a value over EUR 40 requires an additional PIN authorisation;
- depositing cash in EUR into the transaction account using a cash-in ATM of the Bank, up to a maximum of EUR 4,000 per transaction account;
- depositing coins in a coin counter with a mark indicating that it accepts VISA cards;
- payments at POS devices at home and abroad with a mark indicating that they accept VISA cards;
- balance review of the transaction account (if the user is authorised)
